

Conservation Through Public Health

Improving primary health care to people and animals in and around protected areas in Africa while enhancing the conservation of wildlife, natural resources and biodiversity.

Ref: CTPH/APS/2019/7/A

30th July 2019

TO WHOM IT MAY CONCERN

Dear Sir/Madam,

Re: Letter of recommendation for VISA application to participate in 2nd African Primatological Society (2nd -6th September).

Conservation Through Public Health (CTPH) is a grassroots Ugandan based NGO and non-profit established in 2003 that promotes biodiversity conservation by enabling people, wildlife and livestock to coexist through improving their health and livelihoods in and around protected areas in Africa.

From 2nd to 6th September 2019, CTPH in partnership with other conservation NGOs and government agencies based in Uganda will host the second congress of the African Primatological Society (APS) at Imperial Botanical Beach Hotel in Entebbe, Uganda. The Congress will gather together approximately 200 African Primatologists, non-African researchers and conservationists working on African primates as well as other stakeholders. Scheduled activities during the conference include keynote addresses during plenaries from renowned primatologists, breakout oral presentations and poster sessions, round table discussions and training sessions.

The APS 2019 conference will be opened by the Guest of Honor, Prime Minister of Uganda, the Right Honorable Ruhakana Rugunda.

The purpose of this letter is to request your office to facilitate VISA application so that the bearer of this letter can come and participate in the above mentioned Conference. Please refer to the conference website <https://apsuganda.africanprimatologicalsociety.org/>

Thank you very much

Best wishes

Yours sincerely

Dr. Gladys Kalema-Zikusoka
Chairperson of the APS 2019 Organizing Committee
CTPH Founder and CEO
